BACK:

Black Bears may be seen frequently along the Highways in the Great Smoky Mountains National Park. Under the protection of the National Park they have become unafraid of human beings. The Black Bear is a Native of this Region and was hunted by the Mountaineers of this section before it became a National Park.

Great Smoky Mountains National Park

BACK:

A cub bear in th Great Smokies is curious ad playful. Usually timid at firs, but soon learns that people will not hurt him. It is a poor policy to play with him, for mother bear is always near and she doesn’t like it.
